AYER'S HAIR VIGOR

FOR RESTORING GRAY HAIR
To its Natural Vitality and Color.

Advancing years, sickness, care, disappointment, and hereditary predisposition will turn the hair gray, and either of them incline it to shed prematurely. Ayer's Hair Vigor, by long and extensive use, has proven that it stops the falling of the hair, and restores the hair to its natural color, and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus, gray, weak or sickly hair becomes glossy, pliable and strengthened; lost hair regrows with lively expression; falling hair is checked and established; thin hair thickens, and faded or gray hair resumes its original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a dressing for ladies' hair, the Vigor is prized for its grateful and agreeable perfume, and valued for the soft lustre and richness of tone it imparts.

On examining the urinary deposits aropy sediment will often be found and sometimes small particles of subman will appear, or the color will be of a thin milky blue, again changing to a dark and turbid appearance. Dr. M. H. Hinsdale.

As a last resort the family was persuaded to try HALL'S BALSAM. To the astonishment of all, by the time she had used one-half dozen bottles she was about the house doing her own work. TAKE NOTICE.

AT A MEETING OF THE BOARD OF DIRECTORS of the Reno Savings Bank held July 16th, 1889, the following resolutions were adopted:

Whereas, it appearing to the Board that the affairs of the Reno Savings Bank are in such a condition that it is imperatively necessary that the business of the corporation should be wound up, and its assets realized upon and the claims of creditors protected and discharged, and it further appearing, because of impending litigation and attachments and the present state of public feeling, that this Board can better accomplish the end desired and protect the trust to the creditors and shareholders imposed upon it by law, by the employment of a competent person, under the authority of this Board, to undertake the collection and distribution of the assets of the corporation, and

Whereas, it is apparent to the Board that under the existing law in this State no proceeding by attachment and sale of real estate can be maintained against the assets of a corporation, and up and settle the affairs of the bank on an assignment of its property in trust or otherwise for the benefit of its creditors, and
Whereas, the Board desire and the intention of the Board is to have the affairs of the bank wound up and honorably with all parties in interest, and so far as it may be consistent with the law, defer to the wishes of the creditors of the Bank and an enlightened public sentiment, therefore,
Resolved, That L. C. Bachelder be and he is hereby removed as Cashier and clerk, and that D. B. Boyd, of Reno, Nevada, be and he is appointed and authorized as Cashier and clerk, with full powers following, that is to say:
1st To investigate at once the books and affairs of the Bank, with the aid and aid of all the creditors may be willing to assist in the same, and to make a report of the exact condition of the Bank's affairs.
2d To examine into and report upon with all convenient dispatch, the condition and whereabouts of all securities belonging to the Bank with statement of the amount thereof, by whom held and for what purpose, together with his opinion concerning the steps necessary to be taken in order to promptly make the same available to the creditors.
3d To inquire into and report fully relative to the existing liabilities of the Bank, with a complete list of the creditors thereof, which list shall exhibit the names and residence of, together with the amounts due each creditor.
Resolved further, That the said Boyd shall be entitled to and shall receive the sum of \$— per month for his services, and that his appointment shall date and take effect from the time of his appointment and delivery to the Board a bond, with sufficient surety, in the sum of \$100,000 and conditions for the faithful performance of his duties and trust, to all parties in interest.
Resolved, That so soon as a statement can be made by the Cashier, the attorney for the Bank be directed to prepare a circular letter showing the exact condition of affairs to be addressed to each of the creditors.
Resolved further, That the Board of Directors do respectfully invite all creditors to suspend hostile criticism and opinion in relation to the failure of the institution until a satisfactory understanding as to the exact condition of the Bank's finances can be arrived at. In the meantime the pledge is hereby given that the public shall be fully and promptly advised from time to time of the state of affairs, and the assets of the Bank faithfully applied to the payment of the claims against it.

NEWS OF THE MORNING.

Dr. Tanner has an idea of coming to the Pacific coast to deliver ten lectures, for which he says he has been offered \$2,700.

Hon. William Bigler, ex-Governor of Pennsylvania, died at 9 o'clock yesterday morning at Clearfield, in that State.

Beaconsfield and the Queen are among those who endeavor to dissuade the Baroness Burdett Coutts not to marry Mr. Bartlett.

A Dublin dispatch says: Harvest prospects in Ireland are again causing anxiety. Rains during the past fortnight have been excessive. Potatoes are generally sound, but blight is visible in many fields. Green crops promise an abundant yield.

John Baitzo, who murdered his wife in May, 1879, was taken from Athens, Alabama, on Saturday night by a mob of horsemen and hanged. Four previous attempts had been made to mob him. He had been twice sentenced to death, and each time granted a new trial.

The New York World yesterday said that one object of the recent Republican conference in New York was to induce Conkling to get Grant to stamp the South for Garfield. Conkling and Garfield were both in the secret. The scheme was abandoned because of failure to agree on compensation between Garfield and Conkling.

SUGGESTIONS.—The Austin Reveille makes the following suggestions:

The July bill rendered for the support of Nevada's insane patients at Stockton, California, has just been paid. It was \$4,810—a little over \$150 a day. There are two very important matters for the two political parties to consider in the present campaign, the caring for our insane at home and the creation of a State Board of Equalization. If the State is not in a condition to put up a building for an insane asylum, there would be no difficulty in finding parties glad to get the same contract running with Clark & Co. at Stockton, which would be the means of leaving a good portion of the money expended in our own State. A State Board of Equalization would so regulate and increase the taxes to an extent that would in a large measure assist in the support of an insane asylum. Both parties should see to it that the county conventions nominate men for the Legislature who are favorable to a change in the present system of caring for our insane and the creation of a State Board of Equalization. A Board of this character has proven a success in California, and would in this State. The assessing of railroad property would not only be simplified but equalized and a proper value placed thereon.

The New York Commercial Bulletin says:

We see it stated that the North Adams shops are discharging some of their Chinese hands, for the reason that they can get white labor cheaper. The Chinamen have acquired, along with other knowledge, not only the art of striking for wages, but the art also of maintaining a strike through a process of modified trades unionism. We believe that similar, if not the same phenomena, have been worked out also at various industrial establishments in New Jersey, where like experiments have been tried. It is a fallacy to suppose that a Chinaman never ceases to be a Chinaman in his tastes or affections, or that he can never be assimilated like most of the human family to our civilization.

WATER WORKS.—The Susanville Advocate has the annexed:

At the ranch of Robert E. Ross in Long Valley on Tuesday, we saw one of the best systems of private water works that is probably in existence in this county. The supply of water is conveyed in a pipe from a never failing spring on the mountains about half a mile in the rear of the house, and on the grounds are five hydrants. To any of these can be attached a hose which will throw a stream through an inch and a quarter nozzle to the height of nearly a hundred feet. The water is also used to run a wheel which turns a grindstone.

CONTEMPERATED IMPROVEMENTS.—Improvements on a large scale are contemplated at Fort McDermitt. The Winnemucca Silver State says:

As Fort Harney has been abandoned, there is no doubt that troops will be stationed at McDermitt for years to come. New buildings will probably be erected, and other necessary improvements made. It is said that General McDowell has recommended that the improvements be made, and that the papers are now in Washington awaiting the action of the War Department.

Attention, Sir Knights: White kid gloves at Levy's

U. S. SENATOR.

EDITOR JOURNAL:—Senator Sharon has publicly authorized the announcement that he is a candidate for re-election. He will lend his aid and influence for the success of the Republican ticket and take his chances with the other candidates. This declaration of his intention is proper, right and just. There is to be no secret fight. The canvass is to be open to all.

Of course Storey county will decide which of the aspirants from that county it will favor. If it favors Sharon then no other candidate from that county will stand a ghost of a show. No candidate will be likely to succeed that does not have the support of his own county. This ought to be understood in advance. If any portion of the party wish to oppose Sharon they have the right and privilege to do so. It will, however, be folly for them to attempt it by advocating the election of some other candidate from Storey county. If there is any effective opposition to Sharon it must be by his opponents uniting upon some man from some other county or section of the State. There are two objections to Senator Sharon, either of which ought to be sufficient to defeat him:

1st. He is not a bona fide resident of this State.

2d. He has not faithfully, or at all, discharged the duties of the office to which he was elected six years ago.

There are two things in his favor, which may secure his election:

1st. He is largely interested in the mining and railroad interests of this State.

2d. He will materially assist the Republican party in making its campaign.

Plain talk will not hurt the party. Open, honest and manly discussion will help it. The fact that Senator Sharon has large monied interests in this State is, taken by itself, no reason why he should be elected. D. O. Mills has the same interest and is likewise a non-resident. Parties in New York own mining stock in many of the prominent mines in this State, and are equally interested in the general business prosperity and welfare of this State and are equally entitled to claim the right to represent us in the United States Senate. But the truth is that any man who owns and controls such extensive interests has a hold upon, and a power over the people who are, more or less, interested in the success of the interests represented by Senator Sharon and others. The trade of the merchant and employment of the laborer has its influence in directing the mind of the voter.

The second point is still more potent and powerful. It is not so much the interest of the party as the interest of the individual that will attract the voter to Senator Sharon. There is magnetism in the sack. There is strength in the almighty dollar. If millions can be spent and no man corrupted there is no objection amongst the uncorrupted men of the State to have the coin circulated. Sharon holds the sack. His candidacy means that the strings will be untied at the proper time and the contents distributed where it will do the most good. More anon. VERITAS.

Robbery.

On Sunday afternoon John Parker, a colored boy, and Willie Sullivan, a white boy, effected an entrance into Cunningham & Gibson's store, by prying off the casing from the rear door and once inside proceeded to go through the money drawer, relieving it of about \$20 in change, and a watch, also stealing some cigarettes from a shelf. Constable Avery tumbled to the racket too quick, and that evening arrested the boys, finding the money and watch on them. They had a preliminary examination yesterday morning, and Judge Young held them over to answer to the Grand Jury on a charge of house-breaking.

Bob Ingersoll is Right.

After one has visited W. W. Cole's new and reconstructed shows, it seems that Bob Ingersoll is right in his belief that the world is progressing, for you no longer see the same old stereotyped acts or view a lot of time-worn and weather-bent properties. THE PRESS ON SHARON.

SHARON ON THE COMSTOCK.
[Winnemucca Silver State.]

William Sharon, Nevada's Senator from California, is on the Comstock. His visit to Nevada at the present time is supposed to be for the purpose of glancing over the political field, and interviewing his friends on the Senatorial question. Though he has not publicly announced himself as a candidate for re-election, it is understood that he is in the field for the place. It is probable that in consequence of a vague suspicion, which even the endorsement of his Senatorial career by the Austin Convention cannot remove from his mind, that the people of Nevada do not recognize the necessity of re-electing a non-resident of the State to represent them in the Senate, that he may be publicly known in the canvass as a candidate. This, his friends could attribute to his excessive modesty when exacting secret pledges from legislative candidates to support him, in return for coin influences to secure their election. It is asserted that nearly all the hold-over Senators are pledged to support him, and it is expected that Powning of Washoe, and Kaiser of Churchill, who are not, as well as fractions members who may be elected in November, can be managed by the caucus, which, of course, will be controlled as Mr. Tritle expressed it, "By coin or unworthy promises."

Two years ago the Republican Convention of this county adopted a resolution demanding the resignation of Mr. Sharon, yet if reports are true, a Senator elected on that platform is under obligations to vote for Mr. Sharon, in the event of his being a candidate for re-election. This rumor may be unjust to the hold-over Senator from this county, Mr. Thompson. If so, our columns are at his service to contradict it.

SHARON IN THE FIELD.
[Eure a Sentinel.]

Senator Sharon, who arrived on the Comstock the other day from California, has publicly announced himself as a candidate for re-election. We suspected as much when Mr. Daggett, a few days since, through the Enterprise, stated with emphasis that Nevada was sure to return one of the old-time Republican majorities this Fall. And Mr. Sharon will be accepted by the Republicans as their principal candidate for the Senatorial succession. Woodburn, Tritle, Lewis et al. may as well take back seats. No Republican Convention, either State or county, will declare against Mr. Sharon. His money is needed for the general fight, and he will be encouraged to remain in the field.

Mr. Sharon's political pluck must command admiration. He tells the people that he is going for the office, and if they elect a Legislature that will in turn elect him, they do it with their eyes wide open. There is but one chance to defeat Sharon, and that one, viz: by choosing a Democratic Legislature. Every vote thrown for a Republican candidate for the Legislature this Fall will be a vote for the California Senator.

THE SACK CANDIDATE.
[Carson Appeal.]

Wm. Sharon through the Enterprise, has formally announced his candidacy for the United States Senate. His tenure of office has been a fraud upon the State, and his manner of obtaining it so corrupt that Nevada has attained a national reputation as the "Rotten Borough." Only the worst elements can be influenced by this cheeky man's coin, and it now remains to be shown whether or not decency has a majority in this State. The Appeal believes that the sack has seen its last day in Nevada, and that the people have had obnoxious men crammed down their throats once too often.

NATIONAL

REPUBLICAN PLATFORM.

THE FOLLOWING IS THE PLATFORM

of the National Republican Party adopted by
the Chicago Convention:

Republican rule has restored upon a solid
basis payment in coin for all the national obli-
gations, and has given us a currency absolutely
good and legal, and equal in every part of our
extensive country. It has lifted the credit of the
nation from the point where six per cent.
bonds sold at 86, to that where four per cent.
bonds are eagerly sought at a premium. Under
its administration railways have increased from
31,000 miles in 1860 to more than 82,000 miles in
1879. Our foreign trade has increased from
\$100,000,000 to \$1,150,000,000 in the same time,
and our exports, which were \$200,000,000 less
than our imports in 1873, have now exceeded
them. It has, since the war closed, defrayed the
ordinary expenses of Government, besides the
securing interest on the public debt, and dis-
bursed annually more than \$30,000,000 for
soldiers' pensions. It has paid \$80,000,000 of
the public debt, and by refunding the balance
at lower rates has reduced the annual interest
charge from nearly \$101,000,000 to less than
\$80,000,000. All the industries of the country
have revived; labor is in demand; wages have
increased, and the nation throughout the world
there is evidence of a coming prosperity greater
than we have ever enjoyed. Upon this record the
Republican party asks for the continued con-
fidence and support of the people, and this Con-
vention solemnly proclaims its approval of the
achievements of the principle and purpose
which will continue to guide and inspire its
efforts:

THE REPUBLICAN POLICY.

First.—We affirm that the work of the last
twenty-one years has been such as to command
the respect of the world, and that the fruits
of the costly victories which we have
achieved through immense difficulties should be
preserved. That the peace required should be
cherished. That the disunion Union, now
happily restored, should be perpetuated, and
that the liberties secured to this generation
should be transmitted undiminished to future
generations. That the order established and the
credit acquired should never be imperiled. That
the pensions promised should be paid. That
the debt so much reduced should be extin-
guished by the full payment of every dollar
thereof. That the reviving industries should be
further promoted, and that the commerce
already so great should be securely encour-
aged.

A NATION, NOT A CONFEDERACY.

Second.—The Constitution of the United States
is the supreme law and not a mere contract.
Out of the confederated States it made a sov-
ereign nation. Some powers are denied to the
nation, while others are retained by the States;
but the boundary between the powers delegated
and those reserved is to be determined by Na-
tional and not by State tribunals.

POPULAR EDUCATION.

Third.—The work of popular education is one
left to the care of the several States, but it is
the duty of the National Government to aid that
work to the extent of its constitutional ability.
The intelligence of the nation is but the aggre-
gate of the intelligence of the several States, and
the destiny of the nation must be guided, not by
the genius of any one State, but by the average
genius of all.

PROPOSED CONSTITUTIONAL AMENDMENT.

Fourth.—The Constitution wisely forbids Con-
gress to make any law respecting an establish-
ment of religion, but it is idle to hope that the
nation can be protected against the usurpation of
sectarianism, while each State is exposed to its
particular domination. We therefore recom-
mend that the Constitution be so amended as to
lay some prohibitions upon the legislature of
each State, and to forbid the appropriation of
public lands to the support of sectarian schools.

DUTIES OF THE DAY.

Fifth.—We reaffirm the belief avowed in 1876,
that the duties devolved for the purpose of re-
venges should so discriminate as to favor Ameri-
can labor. That no further grant of public land
domain should be made to any railroad or other
corporation. That slavery having perished in the
States, its twin barbarity, polygamy, must die
in the Territories. That everywhere the pro-
tection accorded to a citizen of American birth
must be secured to citizens by American edicts.
That it is the duty of Congress to develop
and improve our watercourses and harbors, and
we insist that further subsidies to private per-
sons or corporations must cease. That the obli-
gations to the men who preserved its integrity
in the day of battle are undiminished by the
lapse of fifteen years since their final victory.
Their grateful honor is and shall forever be
the grateful honor and the sacred duty of the
American people.

THE CHINESE PLANK.

Sixth.—Since the authority to regulate immi-
gration and intercourse between the United
States and foreign nations rests with the Congress
of the United States and its treaty making pow-
ers, it is the duty of the National Government to
unrestricted immigration of Chinese as an evil
of great magnitude, invokes the exercise of the
power to restrain and limit that immigration by
the enactment of such just, humane and reason-
able provisions as will protect that result.

COMMEMORATION OF HAYES.

Seventh.—That the purity and patriotism which
characterized the career of Anthony F. Hayes in
peace and war, and which guided the
thought of his immediate predecessor to him
for a Presidential candidate, have continued to
inspire him in his career as Chief Executive, and
that history will accord to him the place of one
of the great statesmen of our country, and that
his memory will be honored by the just and
courageous fulfillment of the public business,
and will honor his interposition between the
people and proposed partisan laws.

ARRANGEMENT OF THE DEMOCRACY.

Eighth.—We charge up to the Democratic party
the habitual sacrifices of patriotism and justice
to a supposed expediency, and that the people
must be taught to obtain possession of the Na-
tional and State governments, and the control of
place and position, they have obstructed all the
efforts to preserve the purity and conserve the
freedom of our country. That the Democratic
party, and its leaders, have labored to unsettle
lawfully elected members of Congress, to secure
at all hazards the vote of the majority of the
States in the House of Representatives; have de-
voted to the cause by force and fraud, places of
peace and confidence, and have violated the
principles and sought the favor of rebellion
against the nation; and have endeavored to ob-
literate the sacred memories of the war, and to
overcome its inestimable good results—freedom
and equality. We affirm that to use the
duty and purpose of the Republican party to use
all the legitimate means of this Union to secure
the perfect harmony which may be practicable,
and we submit to the practical, sensible people
of the United States, that the Democratic party
be dangerous to the best interest of our country
at this time, to surrender the administration of
the National Government to a party which seeks
to overthrow the existing policy under which we
are so prosperous, and thus bring disaster and
confusion upon a country where there is now order,
confidence and hope.

Ninth.—The equis and steady, and complete
enforcement of the laws, and the protection of
all our citizens in the enjoyment of all priv-
ileges and immunity guaranteed by the Consti-
tution, are the first duties of the nation.

Tenth.—The danger of "solid South" can
only be averted by a faithful performance of
every promise which the nation has made to the
citizens. The execution of the laws, and the
punishment of all those who violate them, are
the duties of the nation. The Democratic party
can be secured and genuine prosperity
established throughout the South. Whatever
promises the nation makes the nation must per-
form. A nation cannot with safety relegate its
duties to the peaceful agencies of the ballot,
and the honest voter must be free to exercise
his vote. To this end the honest voter must be
protected against terrorism, violence and fraud.
Eleventh.—And we affirm that it is the duty
and the duty of the Republican party to use all
legitimate means to restore all the States of this
Union to the most perfect harmony which may
be possible, and we submit to the practical,
sensible people of these United States, that the
Democratic party be dangerous to the dearest
interests of our country at this time to sur-
render the administration of the national Gov-
ernment to a party which seeks to overthrow
the existing policy under which we are so pros-
perous, and thus bring distrust and confusion
upon a country where there is now order, con-
fidence and hope.

Twelfth.—The Republican party adhering to
the principles affirmed by its last National Con-
vention of respect for the constitutional rules
and appointments to office, accepts the
declaration of President Hayes that the reform
of the civil service should be thorough, radical
and complete. To this end it demands the co-
operation of the legislature with the executive
departments of the Government, and that they
shall so legislate that fitness, ascertained by
proper practical tests, shall admit to the
public service.
